

# Make Room

Jonathan McReynolds

## Verse

I find space for what I treasure  
I make time for what I want  
I choose my priorities and  
Jesus you're my number one

## Chorus

So I will make room for you  
I will prepare for two  
So you don't feel that you  
Can't live here, please live in me

## Vamp

### SAT:

**I: You can move that over**  
**You can move that over too :I x3**  
**I will make room**

### Lead:

My will - My way - My ego - My plans - My schedule - My itinerary

My habits - My attitude - Whatever it is - That's not like you - Whatever it is  
You can move it over

Whatever it is - That's in your way - Whatever it is - If it takes your space -  
See whatever it is - Oh, I don't want it there

I wanna seek you first - Get the odd things out the way - I wanna seek you  
first - Move it all out the way - See whatever it is - Lord, I just want you - Oh,  
so I will make room, yeah

See whatever it is - You can move it all - Please just move it all - Help me  
move it all - Jesus I - I just want you know

## Verse

I find space for what I treasure  
I make time for what I want  
I choose my priorities and  
Jesus you're my number one
